Quality

We design and build your Ford to feel as good after many years of service as it did the day you picked it up. And to drive just as beautifully too.

Green

Using advanced Ford technology, we're committed to creating vehicles with improved fuel economy, reduced CO₂ emissions and a lower overall cost of ownership.

Safe

Ford's Intelligent Protection System uses sophisticated technology designed to help prevent an accident and, if one should happen, to protect you.

Smart

Vehicles with smart intuitive technologies designed to connect your world, and many clever solutions from Ford that make life a little easier.

Ford PROTECT

Every new ECOSPORT comes with a **4-yr/120 000km Comprehensive Warranty**, a **4-yr/60 000km Service Plan** with 15 000km service intervals, **3-yr/unlimited km Roadside Assistance** and a **5-yr/unlimited km Corrosion Warranty**.

*Fuel economy and emission figures obtained from controlled tests in Europe. Note that the actual fuel consumption and emission will depend on many factors including your driving habits, prevailing conditions and your vehicles equipment, condition and use.

Ford reserves the right, subject to all applicable laws, to discontinue or change features and other specification either temporarily or permanently without incurring any liability to any prospective purchaser or purchasers. Printed March 2018.

Go Further

Your city unlocked.

Every inch of the new **ECOSPORT** is designed to help you do more, go anywhere and make the most of your city life.

More space, more life.

The enhanced SYNC[®]3 infotainment system puts the city at your fingertips.

With a bold new exterior design, **ECOSPORT** always looks like it's ready for action. That's because it is.

New front end. Same attitude. **ECOSPORT**'s refreshed grille, hood and headlamps are sportier than ever.

SYNC[®]3¹ Keeps your hands on the wheel, and your eyes on the road. Use simple voice commands to make calls, listen to text messages and play your favourite music.

The 8-inch² Touchscreen on Titanium is smarter than ever with integrated Native turn-by-turn navigation and intuitive smartphone capabilities like swipe control and pinch-to-zoom actions.

Parking made easy, with rear parking sensors on all models that automatically turns on whenever you select the reverse gear.

¹SYNC[®]3 only available on Trend and Titanium models.

²Touchscreen not available on Ambiente model. 8-inch Touchscreen only available on Titanium model.

Fit almost anywhere with powerfold mirrors that – you guessed it – fold in to make **ECOSPORT** a little narrower.

All-round protection. Seven airbags, including side and curtain airbags, help keep you safer in a collision.

The 17-inch Titanium Alloy wheels do more than just look great. They're lightweight and extra-strong too.

LED daytime running lamps on Titanium help ensure you're more visible to drivers, cyclists and pedestrians.

Best engine under 1.0l
INTERNATIONAL
engine
of the year

Presented by engine technology international magazine
2012/2013/2014/2015/2016/2017

Available in either the 1.0L EcoBoost or the 1.5L diesel, the new **ECOSPORT** has been designed to reduce your cost of ownership through improved fuel economy and lower CO₂ emissions, without any compromise on style or driving quality.

ECOSPORT makes every load manageable. But never at the cost of your comfort.

Flips, folds and fits everything. The Cargo Management System adapts to handle almost any weekend-sized load – up to a colossal 1178-litres.

A new centre console features an armrest with integrated storage. We added a retractable armrest with cupholders in the backseat of Trend and Titanium models too.

Enjoy peaceful cabin quietness, no matter how loud your city gets. We even made the tyres quieter.
